DETAILED ACTION

Election/Restrictions

1. Applicant's election of Species 1 in the reply filed on 8/3/07 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. This application is in condition for allowance except for the presence of claims 8-16 directed to Species non-elected without traverse. Accordingly, claims 8-16 have been cancelled.

Allowable Subject Matter

3. Claims 1-7 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The prior art of record neither suggest nor renders obvious the instant combination in a fixing mechanism for use in a peripheral storage device, for mounting a cover to a core of the peripheral storage device, comprising a first hook slip element located on the cover, and formed with a bending part and an extension part; and a second hook slip element located on the core, the second hook slip element being formed with a step part on which the bending part rests, and a hook slip part for the extension part to penetrate therethrough to be engaged with the hook slip part, such that the first hook slip element is coupled to the second hook slip element so as to mount the cover to the core in a manner that the combined height of the cover and the first hook slip element is equal to the thickness of the core and movement of the cover

in vertical and horizontal directions is restricted with respect to the core as set forth in independent claim 1 and figures 1-3 if the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Angel A. Castro whose telephone number is 571-272-7584. The examiner can normally be reached on Monday through Thursday, 8 AM to 6 PM.
